Turn over

III. Match the following :—

- | A | B |
|--|------------------|
| 9 This is the first page of a website | (a) Mail merge. |
| 10 It is a method by which you can access file, software and information from a remote computer using internet | (b) Chart. |
| 11 It is a picture showing data | (c) Home page. |
| 12 This features can be used to sent the same matter to multiple people | (d) Downloading. |
- (12 × ¼ = 3 weightage)

Part B

*Answer the following in one or two sentences each.
Each question carries a weightage of 1.
Answer **all** the questions.*

- 13 What is LAN ?
- 14 What is Desk Top Publishing ?
- 15 What is EDI ?
- 16 What is a spreadsheet ?
- 17 How will you identify rows and columns in an Excel worksheet ?
- 18 What is presentation software ?
- 19 Define a Query in MS Access.
- 20 What are attributes ?
- 21 What do you mean by a Company in Tally ?

(9 × 1 = 9 weightage)

Part C

*Answer any **five** in one or two paragraph each.
Each question carries a weightage of 2.*

- 22 How Account Groups differ from Ledger Accounts.
- 23 Write a short note on facsimile.
- 24 What do you mean by File Transfer Protocol ? Name the advantages of FTP.
- 25 Explain how to create a new document in MS Word.
- 26 Briefly explain the functions of Slide Show view in MS PowerPoint.

- 27 What are the points to be borne in mind while planning to create a new database ?
- 28 Mention the components of DBMS.

(5 × 2 = 10 weightage)

Part D

*Answer any two questions.
Each question carries a weightage of 4.*

- 29 (a) What is World Wide Web ?
(b) What is the difference between a LAN, MAN AND WAN ?
- 30 What is Telex ? What are its advantages ?
- 31 Explain how the following actions can be done in MS PowerPoint.
- (a) Creating a new presentation.
 - (b) Opening an existing presentation.
 - (c) Saving a Presentation with a different name.
 - (d) Changing the text alignment.
 - (e) Changing the background colour.
